Introduction:

Blink Travel Agency is a public service that provides travel and tourism related services to the general public on behalf of accommodations. Our Travels offers an offer of different types of travel packages for each destination. Our agency can provide outdoor recreation activities, airlines, car rentals, hotels, travel insurance and logistics services for the delivery of luggage and medical items to travellers upon request. The main function of our agency is to act as an agent for the sale of travel products and services on behalf of the supplier. We do not keep stock on hand unless they pre-book hotel rooms or cabins on a cruise ship for a group travel event such as a wedding, honeymoon or other group event.
